**The Reformation of  
Canada's Schools**

Breaking the Barriers to  
Parental Choice

Mark Holmes

**T***he Reformation of Canada's Schools* provides a much-needed look at the problems plaguing schools and offers a radical proposal for deregulating the education system. Challenging the one-size fits all approach to educational policy, Mark Holmes argues that we need a broad range of schools to accommodate parental choice and the goals of a pluralist society.
